CRIPPLED HILL ELEVEN WINS OVER UNIVERSITY OF BUFFALO IN HARD-FOUGHT CONTEST, 6-2

Kingsley Scores Lone Buff and Blue Tally On Pass from Ollikainen in Early Part of Third Quarter

Hamilton's football team, playing inspired football on a wet and muddy field outfought and outplayed the University of Buffalo eleven on Steuben field Saturday afternoon and registered its second victory of the season, 6 to 2.

There were few outstanding performers for the Buff and Blue in its victory, although the return of Andy Scobie, sophomore fullback, to the line-up apparently strengthened the crippled team both physically and mentally. Scobie, who suffered a broken nose at the beginning of the season and had not played before Saturday, was a power on secondary defense and with DeSormo, who played despite an injured leg and Kingsley, also handicapped by a bad knee, he featured play for Hamilton with excellent, timely punting. These three Hamilton booters had a distinct margin in kicking over the Buffalo kickers and kept the visitors deep in their own territory continually.

Buffalo Scores on Safety

Hamilton's score came in the third quarter on a pass from Ollikainen, quarterback, to Kingsley. The Buff and Blue held the ball on the 20 yard line. Kingsley getting free around left end, where he received Ollikainen's toss and ran untouched over the goal line. The try for the extra point failed.

Hamilton had an excellent opportunity to score in the first quarter when the smooth-working Hill outfit showed unexpected power and marched to the Buffalo one yard line, where the visitors held for downs. Buffalo then made a similar march and was in turn held for downs. Throughout the game, Buffalo had five scoring chances and was thwarted in each. The only Buffalo tally, a safety, was scored intentionally by Ollikainen in the last minute of play. Hamilton took the ball from Buffalo on downs on the one-yard line and Ollikainen allowed himself to be tackled with but 20 seconds to play. This was to avoid the possibility of a costly fumble or a blocked punt.

Hampered by Injuries

Three 15-yard penalties hurt Hamilton considerably, these being practically the only instances in which Buffalo received and held the ball deep in local territory.

While injuries handicapped Hamilton noticeably, there was no let-up by those who did play the game. Charles Estabrook, veteran line-man, was forced to remain on the sidelines throughout. Jensen, DeSormo, and Kingsley were slowed up by their former injuries. Scobie, not yet in top form, had an able substitute in Maynard Jones, a backfield man who formerly played end. Ken Bremer, who earned a letter at guard last season, performed creditably in his first game at end. Captain Fisher's work was consistently commendable throughout although the Hamilton leader received a cracked nose for his pains. Henry Harding, sophomore back, played his best game of the season, being with Ollikainen and Scobie, one of the outstanding offensive players. Ollikainen generalled the team

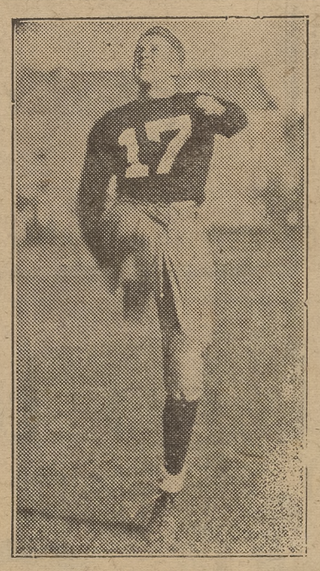
Scores Touchdown



Kingsley, Halfback

HILL RUNNERS MEET HOBART

Six Hamilton Men Will Make Trip to Geneva This Saturday

After starting off the season successfully by defeating St. Stephens, the Hamilton cross-country team will run its second meet when it travels to Geneva to meet Hobart Saturday.

Last year Hobart defeated the Hill men at Geneva because of the illness of Pritchard, but this year Hamilton will send a well running team to meet a team weakened by the loss of Tremblay, last year's winner.

Coach E. H. Wheeler of Hobart will probably run three veterans, Captain Hillman, Hetzler, and J. L. Brown, against the Hill runners with Condon, Orbaker, Velsor, Treat, and Ray of the sophomores as supporters. Condon, a new man, has been showing up especially well.

Coach Winters will send to Geneva the same squad that ran against St. Stephens: Captain Campbell, Pritchard, Clegg, Poppe, Olszewski, and Gildersleeve.

Eight Competing For Managerships

Competition for assistant managerships in sports began the first week of college, with six men vying for managerial positions. Since then three more competitors have been added. The entire group now includes Baehr, Donley, Fitter, Jessup, Love, Miller, Taylor, VanSantvoord, and Zabriskie.

A new feature in the election of assistant managers has been inaugurated. This year every assistant manager will make out a preference list containing the names of the competitors arranged in order of his judgment of their worth. These lists will be submitted along with those made out by the coaches and managers. Although the assistant managers' lists will carry little actual weight in the election, they will be an indication to the coaches and managers of the kind of work the various men have been doing.

Dr. and Mrs. Fred L. Burgess, of Huntington, L. I., have announced the engagement of their daughter, Miss Betsey Burgess, to Coville Winsor, '29. Miss Burgess is a graduate of Sweet Briar College. Mr. Winsor is now with the Citizens' National Bank of Oneonta, New York. He is a member of Theta Delta Chi fraternity.

Woollcott to Play In "Brief Moment"

Alexander Woollcott, '09, well-known dramatic critic, will receive a prominent role in Francine Larrimore's supporting cast of S. N. Behrman's play, "Brief Moment" which will be presented at the Belasco Theater in October.

Since retiring from daily journalism, Mr. Woollcott has directed a column in the New Yorker and spoken frequently over the air. Two seasons ago he collaborated with George S. Kaufman upon a play "The Channel Road", which was presented by Arthur Hopkins. Mr. Woollcott has also appeared in many amateur roles.

SOCCER TEAM LOSES GAME, 3-2

Cortland Delegation Overcomes Early Buff and Blue Two-Goal Lead

Making its home debut on a sloppy, muddy field, the Hamilton soccer team was nosed out 3-2 by Cortland Normal School on Saturday, in spite of obtaining a two-goal lead by a brilliant start. The visitors fought an uphill battle all the way, and finally scored the winning tally with about five minutes to play.

For the first time this year the Buff and Blue offensive work was the feature of the game. Throughout the play the Hamilton forwards hammered hard accurate shots at Gallegher, Cortland goalie, whose spectacular work during the last half robbed Hamilton of what seemed a certain victory.

Keeler, Symonds Score

Cortland kicked off at the beginning of the game, and advanced the ball well into Hamilton territory before being stopped by the fullbacks. Rapid passing and dribbling carried the ball immediately to the other end of the field, and it was only a matter of seconds before Keeler put one in the net for the first goal.

Shortly afterwards Symonds scored Hamilton's second tally after a short scrimmage in front of the Cortland goal. Although Hamilton remained on the offensive almost all of the time, Cortland was able to score twice during the first half, each time on a corner kick.

Scores Winning Point

The second half saw little change in the play in general, except that the Buff and Blue half-backs were following up closer and taking many long shots at the goal, all of which, however, were stopped by the opposing goalie in spite of the accuracy demonstrated.

Late in the final quarter Toohey broke away with the ball on a rebound from a fullback, and found himself in front of the goal with only Diggs to stop him but he had little difficulty in slipping one through for the winning score.

The last five minutes were a wild but unsuccessful attempt by the Buff and Blue to even up the count and force the game into extra periods. The visitors concentrated on a defensive game which gave the Hill team little chance for another tally.

Line-up and summary:

Hamilton	Position	Cortland
Diggs	G	Gallegher
Abbott	RF	McDermott

Professor Hauch Spends Summer Months In Translating Two of Goethe's Works

Professor Edward F. Hauch, who has made an outstanding reputation in the field of literary translations from the German, has added to his list of works during the past summer by the translations of two of Goethe's works. Under the auspices of the Germanistic Society he undertook the transliteration of the two plays, "Gotz von Berlichening" and "Egmont" and has nearly completed them for the printers.

The Germanistic Society, of which Professor Hauch is a member, is endeavoring to have rendered into English the greater part of the classic literature which abounds in Germany. They are doing this not so much to spread this literature but to make it available to those who have a desire for the better works transposed into English.

Makes Three Copies

The two plays on which Dr. Hauch is working were written during the early part of Goethe's career. They have been translated with the idea of getting them out in the form of a memorial since 1932 is the one-hundreth anniversary of the death of the German author and poet.

In an interview Dr. Hauch stated that work of this type is done in three divisions. He first goes through the play hurriedly and makes a copy which gives the actual transliteration of the German words. He then goes over the work carefully and changes it to the best possible English and makes it suitable for English readers. Then he prepares it for the printers in a final copy.

To Speak in Utica

Joseph I. France, '95

Joseph I. France, Former Trustee, To Talk in Utica

Joseph Irwin France, '95, former Hamilton trustee, erstwhile senator of Maryland, and at present independent candidate for president, will address the Rotary Club of Utica on October 23, according to Lynde D. Hokerk who arranged the talk for the club. A member of Theta Delta Chi, he returned to Hamilton following his graduation and in 1898 he received his A.M. from this college.

In an address delivered at Port Deposit, Md., on July 11 formally opening his campaign for the Republican nomination, Dr. France advocated liquidation of war debts, commercial intercourse with Russia, opposition to government ownership and operation of utilities, "reasonable modification" of the Sherman anti-trust law, and repeal of the prohibition amendment.

Dr. France declared in part, "It has been apparent since the Armistice that there must be a final settlement on the whole question of debts. The debts of nation to nation ultimately must be charged to profit and loss. It should be done as promptly as possible, but such

HAMILTONIANS IN NEW LEGAL FIRM

Father and Son Are Members of Partnership Formed In Albion

Three lawyers, two of whom are Hamilton graduates, formed a new law firm in Albion, N. Y., two weeks ago. Isaac S. Signor, '70, and his son, Charles G. Signor, '02, are the Hamilton members of the newly created firm.

Isaac S. Signor, who is now in his 89th year has been the dean of the Orleans County Bar for several years. He is president of the bar association of that country and has had a distinguished legal career. Signor, who graduated from the College in 1870, was a member of Psi Upsilon and of Phi Beta Kappa.

After graduation he spent his earlier pears practicing in Brooklyn. He was selected as county judge of Orleans County in 1883 and held that office until 1895 until 1895. He served in that capacity again from 1905 to 1912. In school and civic affairs, Signor has played an active part, serving for many years on the Board of Education and as a trustee of the Presbyterian Church. He lectured on real property for two terms in the University of Buffalo Law School.

Charles G. Signor received a Master of Arts degree in 1905. While on the Hill he was a member of Psi Upsilon and of Pentagon. After leaving Hamilton he practiced law in Buffalo and later became connected with a prominent New York City law firm. Going from there to Albion, his home town, he and his father formed a partnership which existed until the creation of the new firm.

Scores of Future Football Opponents

Union 33—Hobart 7
Haverford 27—Washington 7
St. Lawrence 6—Niagara 0
Alfred 26—**Susquehanna 12**

Students Register Thirty-two Cars

Statistics in the Bursar's Office show that only 32 cars registered on the Hill this year, 12 less than the number last year. In this year's number four are owned by men who are not yet seniors but who have special permits. Last year twelve men other than seniors owned cars on the Hill.

It is interesting to note that 11 of the 32 cars on the Hill are Fords and six are Chevrolets. This number of Fords is 34 per cent of the total number of cars and is only two per cent less than last year, there being 16 Fords on the Hill then.

"TABLOID" HAS TWO EDITIONS

New Publication Makes Appearance on Hill at House Party Week-End

House Party week-end saw the establishing of a new Hill publication, the Hamilton "Tabloid".

The "Tabloid", edited by William A. Monacelli, managing editor of **Life**, appeared in two four-page editions, one before the Hamilton-Buffalo game and the other at the close of the contest.

The first edition carried headlines to the effect that the college was to have a new gymnasium. The fact that the edition was due at the beginning of the football game made it impossible to carry an elaborate description of the new gym but this was given in the second edition.

The first edition gave advance stories on the football and soccer games, with pictures of varsity gridmen, a list of House Party guests and a letter to the editor from Head-coach "Hunk" Anderson, Marchmont Schwartz, 1930 All-American backfield choice, and Captain Tom Yarr, all of Notre Dame, wishing Coach Winters and the Hamilton eleven "the best of luck" in the Buffalo game.

The second edition, off the press half an hour after the final whistle of the football game, gave a complete description of the new gymnasium plans, stories on the football and soccer contests, an account of the Trustees' meeting, and the scores of the more important games of the day.

POST-SEASON PLEDGING

Several crowds announce the pledging of new men since the close of the formal rushing season. These include two juniors, two sophomores, and two members of the freshman class. They are: Theodore C. Massoth, '33, Chi Psi; Charles J. Paumier, '33, Chi Beta Sigma; Robert S. Waters and Robert H. Palmiter, both of the Class of '34, Lambda Chi Alpha; Bruce H. Scagel, '35, Psi Upsilon; and Waldo Babcock, '35, Emerson Literary Society.

COACHES UTICA TEAM

William Ralph Floyd, Jr., '22, a former Hamilton College football star, has been coaching the Highlanders Athletic Club football team of Utica. Floyd was a special student in the Students Army Training Corps which was organized here after the War. He was a member of the Psi Upsilon fraternity.

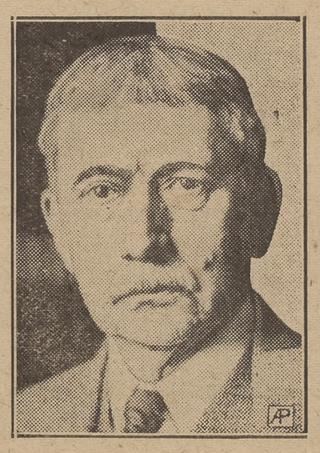
BOARD OF TRUSTEES ADOPTS FINAL PLANS FOR GYMNASIUM AT FALL MEETING SATURDAY

Extensive Building to Be Located Between Hockey and Chemistry Buildings; Pool Is Included

Along with the festivities of House Party week-end came the news that the Board of Trustees of Hamilton College had voted and adopted final plans on Saturday for a new gymnasium. With slight modifications, the plans are the same as those submitted last May for the spring meeting of the Board by Bagg and Newkirk, the prominent Utica architects who have designed a number of the recent additions to the campus.

The final report, as presented to the Board by the Committee on Buildings and Grounds, was prepared by, and is in the handwriting of the Hon. Elihu Root, '64, Chairman of the committee. In his report, Mr. Root traced the remarkable growth of the college since the World War, and brought out the fact that as Hamilton was so successful in putting forth additions since the War, he was sure that the same thing would hold true with the new gymnasium. The Committee which presented the final report was composed of Mr. Root, Dr. Ferry, Benjamin W. Arnold, Reuben Leslie Maynard, and Charles A. Miller.

Presides at Meeting



Hon. Elihu Root, '64

Elihu Root Presides At Trustees' Meeting

The Hon. Elihu Root presided at the meeting, which was attended by all but six of the members of the Board. The Trustees accepted the gift of Mrs. Glass, wife of the late Dr. James H. Glass, a trustee who died during the summer, and authorized the sending of a letter of thanks.

A vote of thanks was authorized to be sent to the heirs of the Edward North estate, for their kindness in giving the College a large collection of letters of historical interest, including early catalogues and other publications, documents, and manuscripts of much interest to the college.

The Trustees also voted to accept with thanks the gift of Professor Paul Adee Fancher, director of the choir, of 500 hymnals to be used occasionally in the chapel, in place of those now used there.

Changes were also authorized by the Trustees in the awarding of the Darling and Putnam prizes in American History. Instead of awarding the prizes to the senior having the "best record in the courses of American History", as the catalogue now reads, the Trustees have voted to change that to the "best record in at least two courses".

The following Trustees were present at the meeting: Hon. Elihu Root, Henry H. Benedict ,Charles B. Rogers, Samuel F. Engs, Reu

(Continued on Page Four)

The gymnasium will be one of the most complete buildings of its kind, and will be constructed in the space between the Russell Sage Hockey Building and the new Chemistry Building. There will be two entrances to the gym from the athletic field, both entering into the basement. On that floor there will be separate rooms devoted to each of the sports, and a like one in each sport for the visiting teams.

It is expected that the Alumni Association will be approached immediately by the Committee of Trustees, with an eye toward starting a campaign for the sum necessary. The plans will be submitted to each Hamilton alumnus, and their support requested.

One of the big features of the new building will be an immense baseball and track cage on the north side of the basement, extending up through the two and one-half floors. It will be 52 feet by 111 feet and on one side of the cage will be many handball courts. Also in the basement there are to be storage and boiler rooms, and an entrance into the Sage Building, on the level of the ice.

The first floor will contain a large entrance hall, in which there will be a case for trophies. There is to be a waiting room, for entrance into all offices of the Athletic Association. There is to be a room for wrestling, which may also be used as a practice room for the Band. A separate room has been set aside for training, in which there will be the rubbing tables and other equipment.

The main locker room will stretch across the entire building from north to south, and light and air will enter from two sides. There are to be 490 single gym lockers. There is an entrance from the room into the swimming pool, but students will have to go through a foot bath in order to reach it. Coming out from the pool by a special exit, all will have to go through several drying rooms, in order to avoid tracking water into the locker room. On this floor there will also be a private locker room for faculty mem-

(Continued on Page Four)

GOODWIN DIES IN ROCHESTER

Hill Alumnus Succumbs to Injuries Received in Recent Automobile Crash

Harry C. Goodwin, ex-'01, nationally known advertising man and a former president of the Hamilton College Alumni Association, died recently of injuries received in an automobile accident, at the age of fifty-four.

Mr. Goodwin was an outstanding man in Rochester politics and was a leader in the movement which resulted in the adoption of the City Manager Plan of government in that city. He was also a member of the Izaak Walton League and served on its national executive committee for some time.

Mr. Goodwin was born in Antwerp, N. Y. He was a member of Delta Kappa Epsilon fraternity and he left a request that at his funeral services a quartet of the active chapter should sing the Alma Mater and the Deke funeral dirge. The request was carried out by four of his brothers who are now on the Hill.

Connection of Alexander Hamilton's Name With College Defended by Hill Alumnus

Alexander Hamilton's intimate relationship with Hamilton College history is described in a letter written by Harry E. Taylor, '00, to the New York **Evening Post** recently. The following is a reproduction of the contents of the letter.

"It is lamentable that the letter of 'Bcsnyu' in the Post of September 17 so tends to mar the purpose of the eloquent, discriminating epitome of the life and character of Alexander Hamilton spoken by Lloyd Paul Stryker, a prominent alumnius of Hamilton College, at the Constitution exercises recently held at New York University.

"Your correspondent was irritated, he says, because a trustee of Hamilton College, merely named after the great financier, rather than a Columbia trustee did the honors for Hamilton; he also thinks Mr. Stryker added injury to insult by failing to mention Hamilton as the most illustrious of all King's College (now Columbia) alumni.

"The facts of Hamilton's association with King's College are: After receiving notice that the trustees of Princeton had regretfully declined his application for admission as a special student at that college, he, with the aid of a tutor, prosecuted the study of certain electives for a brief period under the auspices of King's College. He was a private student and attached to no class. In the more acceptable meaning of the word, Hamilton was not an alumnus of King's College.

"Hamilton's college heart was in Hamilton College. His relation to

HELP YOURSELF

In all the more or less recent discussion of over-emphasis of college athletics, Hamilton escaped criticism. On the Hilltop no one activity is accorded special attention; each has its place in a definite, well-ordered program.

Debating has earned a position of no little importance. Each year the Chapel is the scene of an international debate. It is not without reason that Hamilton is one of the necessarily few colleges on the schedules of the foreign universities. The distinction is well earned. The credit, however, does not rest solely with the men who from year to year have faced the European representatives on the platform. Hamilton, as a college, has been considered a fit opponent. Only Hamilton as a college can justify this selection. The undergraduate body as a whole has as definite a responsibility tomorrow night as the two men who will oppose the visitors from England.

Not that attendance at the debate can be considered in the light of a hardship or a task. Such intimate contact with the intellectual life of a foreign nation is a privilege that comes to all too few American colleges. Help yourself, Hamilton, to this bit of good fortune, and at the same time justify the selection of the college as the scene of these annual visitations.

ATHLETIC TRADITION

The policy of Hamilton athletes has long been to take their various sports as part of their college courses and to work for the most that there is in the playing of a sport-team spirit, physical benefit, and support of the school. The ordinary visitor does not realize that when he sees a group of Hamilton men a very large percentage of that group either wears the varsity "H" or is a member of some varsity squad. For a school that enjoys the high scholastic rating that this College does, Hamilton probably has more athletically-inclined students than a great many colleges of the same or greater registration.

To the new men who have come in, then, we say, if you have any inclination for a sport or sports and have the time you can contribute, at least try out for the teams. Hamilton does quite well in all sports, considering its material. The tradition of every man playing some sport has made inter-class and interfraternity contests very popular. If a man has any ability, and the will to work hard, coaching will bring it out. There is honor in wearing an "H". There is also much credit for those who try, and in trying, augment the squads, increase practice facilities, and assist the coaches greatly in developing varsity players from men who have started out with nothing but active bodies and active desires to help and to succeed.

H. C. H., '33.

THE CALENDAR

Wednesday

International debate with England in the Chapel, 8 o'clock.
Interclass golf at 4 o'clock, freshmen vs. sophomores.
Interclass tennis at 4 o'clock, freshmen vs. sophomores.

Thursday

Choir rehearsal at 7:45 o'clock.

Friday

Interclass football at 4 o'clock, sophomores vs. seniors.
Biology Club at Prof. Hess' home at 7:30 p. m.

Saturday

Football with Susquehanna at Selinsgrove, Penna.
Cross country meet with Hobart at Geneva.

Sunday

Chapel preacher, President Murray Bartlett, D.D., of Hobart College.

Monday

Faculty meeting at 4:30 o'clock.
Interclass cross country meet at 4 o'clock, freshmen vs. sophomores.
Interclass football at 4 o'clock, freshmen vs. juniors.

Tuesday

Interclass soccer at 4 o'clock, freshmen vs. juniors.

Gregory, '25, Is Officer of Forum

Announcement has been received of a series of eight weekly lectures which will comprise the "Citizen's Forum Lecture Course" to be given at the New Century Auditorius in Utica every Saturday at 8 p. m. The subject of the meetings are to deal with national and economic questions which are foremost in the affairs of the country today and each will be led by a speaker of note. The first lecture will be given on January 23, 1932. The season ticket for the course is one dollar.

Outstanding in the group of lectures are "Need for a New Political Alignment" by William L. Nunn, of the Economics Department of New York University; and "Challenge of Russia," by Sherwood Eddy, author of a book by that name, and a former secretary for Asia of the National Council of the Y. M. C. A.

The officers of the Forum include Dr. George B. Cutten, president of Colgate University, president; and Rev. John D. Gregory, pastor of Olivet Church of Utica, treasurer. Dr. Gregory is a graduate of Hamilton in the class of 1925.

The individual pictures for the 1933 "Hamiltonian" are being taken this week and Monday of next week. Sittings may be had from 9:00 to 12:00 in the morning and from 1:00 to 5:30 in the afternoon. Group pictures are also being taken this week.

let's all go to Turkey

Where Turkish tobacco grows

Eastward ho! Four thousand miles nearer the rising sun—let's go! To the land of mosques and minarets—so different from our skyscrapers, stacks and steeples.

Let's see this strange, strange country. Let's see the land where the tobacco* grows in small leaves on slender stalks—to be tenderly picked, leaf by leaf, hung in long fragrant strings, shelter-dried and blanket-cured. Precious stuff!

Let's taste that delicate aromatic flavor—that subtle difference that *makes* a cigarette!

In every important tobacco-growing center Chesterfield has its own tobacco buyers

XANTHI . . CAVALLA . . SMYRNA . . SAMSOUN . . *famous tobaccos!*

*Turkish tobacco is to cigarettes what seasoning is to food—the "spice," the "sauce"—or what rich, sweet cream is to coffee!

You can *taste* the Turkish in Chesterfield—there's enough of it, that's why. Chesterfield has not been stingy with this important addition to good taste and aroma; four famous kinds of Turkish leaf—Xanthi, Cavalla, Samsoun and Smyrna—go into the smooth, "spicy" Chesterfield blend.

This is just one more reason for Chesterfield's *better taste*. Tobaccos from far and near, the best of their several kinds—and the *right* kinds. And pure, tasteless cigarette paper, the purest made. The many requisites of a milder, better smoke, complete!

That's why they're GOOD—they've got to be and they *are*.

CARPE DIEM

All juniors wishing to compete for editorship of Carpe Diem are requested to communicate with the editors of Life before the end of this week.

SUSQUEHANNA IS NEXT GRID FOE

Buff and Blue Eleven Will Journey To Selinsgrove For Game This Saturday

In its third game away from home this season, Hamilton will encounter Susquehanna University, a new opponent last year, at Selinsgrove, Pa. Susquehanna and Hamilton featured the 1930 home season here with a thrilling 7-7 tie game. Both teams have had varying success this season. Hamilton's representatives will leave the Hill Friday noon and will hold a final practice session in Binghamton in the afternoon.

Susquehanna fell before the Alfred team under the floodlights at Alfred Saturday night. The visiting team opened the scoring with 13 points in the first half but Alfred came back to win by 26-13. The strong Delaware team which held Navy to a 12-7 decision Saturday, defeated the Selinsgrove outfit by 26-0 early in the season. Susquehanna registered an 18-0 victory over Haverford two weeks ago, outplaying the Haverford outfit continually and showing much power and confidence.

Peters, veteran quarterback, is the outstanding threat of the Susquehanna team. Hamilton will point all week toward stopping Peters and his veteran teammates. The Hamilton team will be in better shape than at any time in the past two weeks and should enter the Susquehanna game in fair condition.

English Debaters On Hill Tomorrow

Opening Debate of Season to Be Held in College Chapel Wednesday Evening

Hamilton College debaters will inaugurate an international and intercollegiate forensic season in the Chapel at 8:15 o'clock, Wednesday, October 21, when John J. Walsh, '32, and Samuel J. Holt, '32, as representatives of the Hill, will meet a team composed of students form English Universities, to discuss the question, "Resolved, That the dole provides a better method for solving unemployment than the charity system." Professor Calvin L. Lewis will preside at the forthcoming discussion.

The English team will be composed of Stuart Craig of University College and John Needham of St. John's College in Durham University. These men are making a complete tour of the United States with their debate and will meet approximately thirty college and university teams in this country before they return to England.

A second intercollegiate-international debate, which was previously scheduled for December 4 when a Hamilton team was to meet a Dutch team on the Hill, has been cancelled by the visitors and will probably be replaced by a debate with a more local opponent.

Edward G. Hooks, '32, and R. Kerford Wilson, '33, were the two Hamilton representatives who were to have opposed the Dutch Universities' team.

Several Hamilton alumni are also attending Albany Law School, among them being John Normile, '29, who is president of the third year men at Albany. Burke W. Drummond, '31, George Britten, '31, Harold Van Schaak, '29, Alden C. Merrick, '29, George Donaldson, ex-'29, W. LaVerne Baldwin, ex-'31, Mathewson D. Stevens ,'31, William F. Christiana, ex-'31, William Foley, '29, Stanley Drezja, ex-'33, Charles Sullivan, ex-'33, and Franklin Cropsey, '30, are also enrolled at Albany Law School.

Besides the above, Paul Schneider, '30, is studying medicine at Albany.

College-trained engineers revisit the athletic field

Night photograph of Temple Stadium, Philadelphia, Pennsylvania, floodlighted with G-E projectors

ON more than a hundred floodlighted fields, football is being played and practiced in the evening hours, before larger audiences than ever before—with fewer injuries and in better conformity with classroom duties.

This constructive revolution in athletics is largely the work of college-trained engineers—young men personally familiar with the needs of college and school. They are dedicating the technical experience gained in the General Electric Test Department to the practical service of undergraduate athletics—designing and installing floodlighting equipment for virtually every sport—football, baseball, hockey, tennis, and track.

Other college men in the General Electric organization have specialized in street-lighting and floodlighting projects, or in the electrical equipment of industries and mines or of immense power stations; some are designing and applying electric apparatus to propel ocean liners and locomotives. All are engaged in the planning, production, or distribution of G-E products and so are performing a work of national betterment and creating for themselves recognized spheres of personal influence.

You will be interested in Bulletin GEA-1206, "The Light that Started Sports at Night." Write for it to the nearest G-E office or to Lighting Division, General Electric Company, Schenectady, New York

Joseph I. France To Speak in Utica

(Continued from Page One)

cancellation must be conditioned on full disarmament and the establishment of a new order on international relationship through such concerts as would insure prosperity and permanent peace.'

One of the principle ends he had in view in entering the field for his party's nomination, Dr. France asserted, was "to urge the immediate and imperative necessity for steps to avert the world disaster which was threatened by the impending collapse of Germany's economic life."

In speaking of Russia, he said, "There can be no return of the world to prosperity or even to relative solvency, while Russia is kept isolated and not performing her natural functions as the largest most central and absolutely indespensible organ in world economy."

After having earned the Elihu Root foreign fellowship, Dr. France entered the University of Leipsig, Clark University, and the College of Physicians and Surgeons at Baltimore, gaining the degrees of Ph. D. and M.D. He practived medicine at Baltimore for some time and then entered politics, becoming first state senator from Maryland and then United States senator from the same state.

Dr. France has two brothers who graduated from Hamilton and has a nephew, Dudley Dennison, '35, now on the Hill.

BECKWITH, '03, WORKS ON PULP

Working on the causes of various problems which are a hindrance of the paper industry, Professor T. D. Beckwith, '03, now connected with the department of bacteriology of the University of California, has developed a method for preventing the occurrence of such evils in the making of good paper.

The small holes which are major imperfections in most paper are caused, according to Professor Beckwith, by the presence of micro-organisms known as Pleomorphic bacteria. These organisms build a gummy capsule around themselves and it is these capsules which cause a shiny appearance of the finished paper.

Dr. Beckwith's work on these bacteria has consisted in the growing of the forms which abound in pulp and the demonstration that such forms can be grown in this pulp. His conclusions on this work are that efforts towards the elimination of these bacteria must be directed toward treatment of the water used in the manufacture of pulp.

While in College Dr. Beckwith was a member of Delta Upsilon and Phi Beta Kappa. He was the only member of his class to receive the degree of Bachelor of Science, and he gained his Master of Science degree here in 1907.

Initial Issue of Gaboon Appears

A striking cover design by John C. Homans, '34, and humorous advertisements relative to the College curriculum are features of the first issue of the Royal Gaboon which made its debut of the year as the House Party Number.

There are two plain drawings by Odin Fredman, '32, while the cover design, a double profile, by Homans is finished in two blues, black and white.

The Gaboon Board has recently been augmented by the appointments of Kenneth M. Bremer and Robert A. Haak, both '33. Bremer is a letterman in football, manager of the 1933 Hamilton Literary Magazine, and a member of Delta Kappa Epsilon. Haak is affiliated with Chi Beta Sigma.

CONNECTION OF HAMILTON DEFENDED BY ALUMNUS

(Continued from Page One)

that college is far more intimate and convincing than his indifferent association with any other institution of learning.

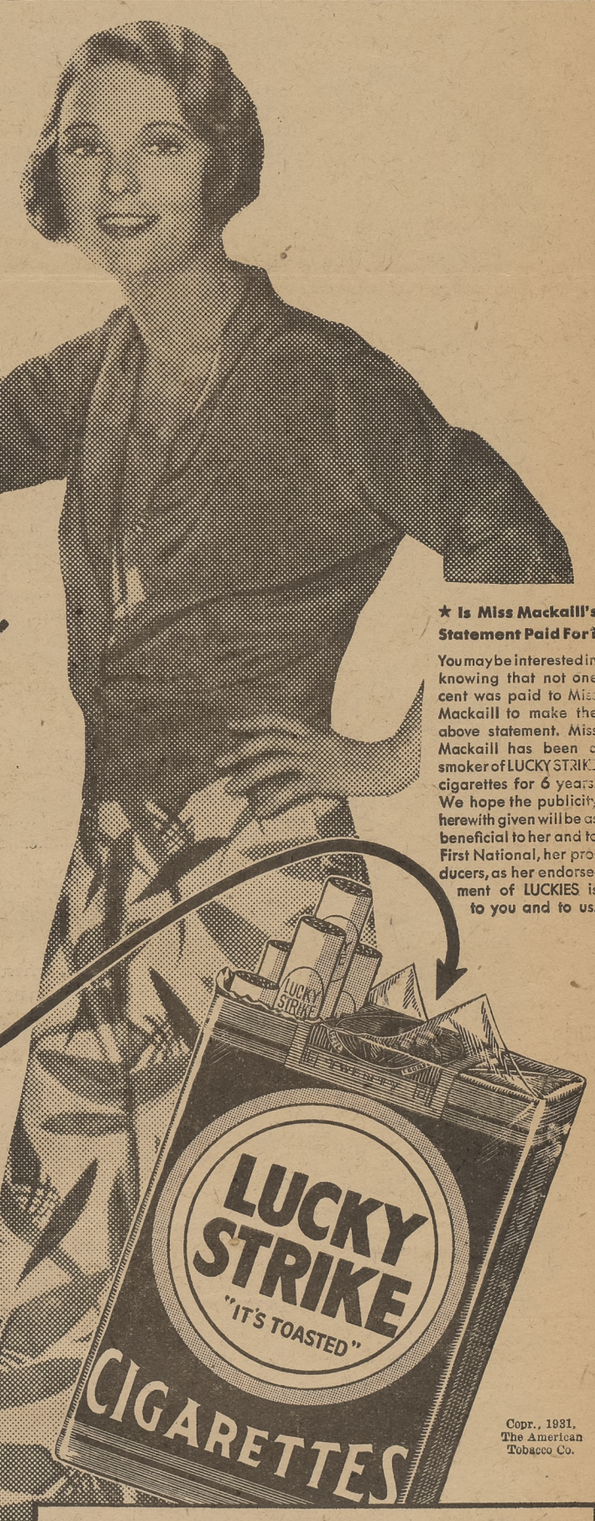
"On a granite pedestal, beneath the branches of towering elms near the wide doorway of the historic chapel of Hamilton College, stands Hamilton's statue—full figure in bronze. Side by side in the rear wall of the chapel are set two stained-glass windows. One bears a likeness of Samuel Kirkland, graduate of Princeton, missionary to the Oneidas, one whom Washington called 'friend' and the founder of Hamilton College. The other window bears the likeness of Alexander Hamilton, friend of Kirkland and patron of the college that bears his illustrious name. For many years Mr. Elihu Root, standing before these portraits, related to the newest class the romantic story of Kirkland's dream and the vital ministrations of Alexander Hamilton that made Kirkland's dream a reality.

"Merely named after the great financier?

"Hamilton afforded Kirkland invaluable aid in procuring the charter—signed by George Clinton—of Hamilton Oneida Academy (now Hamilton College). Hamilton gave Kirkland a considerable plot of land from the sale of which there was made possible the first Hamilton College building whose cornerstone was set by Baron Steuben. Hamilton was president of the first board of directors of Hamilton College.

"From time immemorial Hamilton men have been endowed with the liveliest sense of Hamilton's essential oneness with the living history of their College. What other college, as such, has a more equitable claim upon the privilege of paying affectionate homage to the name of Hamilton?"

"Give me Lucky Strike Every Time"



"My throat is all important to me. No harsh irritants for yours truly. Give me Lucky Strike every time. **And pat yourself on the back for your new Cellophane wrapper with that tab which makes the package so easy to open."**

Dorothy Mackaill

Dorothy Mackaill is the same fascinating, rollicking personality in real life as the parts she plays. Watch for Dorothy in her next **First National Picture, "Safe In Hell."** There is never a dull moment in any of **First National's** pictures starring that Mackaill girl.

* * * * * *

That LUCKY tab! Moisture-Proof Cellophane. Sealed tight—Ever right. The Unique Humidor Package. Zip—And it's open! See the new notched tab on the top of the package. Hold down one half with your thumb. Tear off the other half. Simple. Quick. Zip! That's all. Unique! Wrapped in dust-proof, moisture-proof, germ-proof Cellophane. Clean, protected, neat, FRESH!—what could be more modern than LUCKIES' improved Humidor package—so easy to open! ***Ladies—the LUCKY TAB is—your finger nail protection.***

★ **Is Miss Mackaill's Statement Paid For?**

You may be interested in knowing that not one cent was paid to Miss Mackaill to make the above statement. Miss Mackaill has been a smoker of LUCKY STRIKE cigarettes for 6 years. We hope the publicity herewith given will be as beneficial to her and to First National, her producers, as her endorsement of LUCKIES is to you and to us.

Hill Eleven Wins Over Buffalo, 6-2

(Continued from Page One)

creditably, guiding them constantly with excellent head work.

For Buffalo, Malanowicz, who scored the winning touchdown against Hamilton last year, featured in offensive play. A triple threat man, co-Captain and one of the 190-pound backs on the visiting team, Malanowicz was the man most feared by the Hamilton team.

Hamilton received only minor injuries. Ayres, junior tackle, aggravated his nose injury early in the game, and Kingsley and Fisher suffered minor injuries which will not, however, keep them from the Susquehanna game in Selinsgrove this week.

Line-up:

Hamilton	Position	Buffalo
Heyl	LE	Winir
Ayers	LT	Yachelson
Jensen	LG	Manch
Timko	C	Cleland
Sellers	RG	Dietter
McGee	RT	Altman
Fisher	RE	Mannino
Ollikainen•	QB	Cotton
Kingsley	HB	Ford
Harding	HB	Beyer
Scobie	FB	Ward

Soccer Team Loses Game, 3-2

(Continued from Page One)

Ruland	CH	Flahive
Pippitt	LH	Garner
Maijgren	OR	Figenscher
Gross	IR	Daly
Keeler	CF	Smith
Symonds	IL	Meade
Creighton	OL	Toohey

Goals: Keeler, Symonds, Toohey (2), Daly. Substitutions: Hamilton—Bull for Pippitt, Hawley for Abbott, Pippitt for Cunningham; Cortland—Bugor for Dunning, Riley for Meade, Madison for Bugor, Dunning for Madison, Bugor for Garner, Meade for Daly. Time of quarters—22 minutes. Referee—Feather (Clark Mills).

SPRINGSTEAD, '34, HEADS ORCHESTRA

The college jazz orchestra is being organized under a new name under the direction of Judson B. Springstead, '34. With some members of the "Commodores" and the "Highhatters" forming a nucleus, the organization hopes to round into shape very soon.

Those chosen in the group are: William Hands, '33, drums; Judson B. Springstead, '34, saxophone; Ray Martin, Clinton, saxophone; William Mackinsen, '34, trombone; Donald Ahearn, '35, piano; Gilbert Palen, '35, saxophone; Thomas Robinson, '35, trumpet; and Richard Brant, '35, banjo.

Board Adopts Plans For New Hill Gym

(Continued from Page One)

bers, and separate showers. There is to be a tier of seats on the first floor, overlooking the large pool.

On the second floor there is to be the gymnasium floor, 78 feet by 96 feet, and also four squash and handball courts. A fencing room will be provided, 28 feet by 44 feet, and there is to be a special storage space for bleachers and gym equipment. Also on this floor is the balcony, with a seating capacity of 200, overlooking the pool. There is to be a smaller mezanine floor above this, with rooms in which smaller gym classes may work.

Hill Holds Annual Fall House Party

Accompanied by a continual rainfall, the annual fall House Parties were held on the Hill last week-end.

Starting Friday night, the party continued through in the regular fashion until Sunday. After dinner Friday night all the houses held the usual open dances, at which upperclassmen travel from house to house, and dancing continues far into the morning.

After the football and soccer games Saturday afternoon tea dances were given by Was Los and D. T. at the Psi Upsilon House and at Sigma Phi Place. Theta Delts also held a closed tea dance.

The first issue of "Royal Gaboon", the college humorous magazine, was put on sale Saturday afternoon, and a new publication, the "Hamilton Tabloid", made its bow on the campus. The latter is a newspaper appearing in two editions, one early in the afternoon, giving advance articles on the athletic events and early information on the business done at the Trustees' meeting, and a second within a half hour after the football game, giving a story of the game, and a more complete article on the Trustees' action. Saturday night the fraternities gave closed dances lasting until midnight.

KEEP KISSABLE

WITH
OLD GOLDS

The twenty cigarettes in your package of OLD GOLDS reach you in prime condition, as fresh as twenty cherries just picked from the tree. The finest of *moisture-proof* Cellophane wrapping insures that.

But OLD GOLDS are not merely *fresh*; they are refreshingly different. Blended from pure tobacco . . . free of oily, foreign flavorings . . . OLD GOLDS do not taint the breath with lingering odors, and do not discolor the teeth with needless stains.

To be in good taste, as well as for their good taste . . . smoke *natural-flavored* OLD GOLDS. They'll give you a finer smoke, without any unpleasant aftermaths of any kind.
